

MAY RESIST POLICEMAN  
WITHOUT A WARRANTJudge Richardson So Instructs Jury  
in Case of Patrolman  
Sowell.ACCUSED MAN IS ACQUITTED  
Police Officer Had No Right to Break  
Into Wray's Dwelling Unless He  
Had Ground to Believe Man Had  
Committed a Felony.

After receiving specific instructions from the court that unless the police officer had a warrant in his possession for the arrest of the man at the time he broke open the door of his residence, or had reasonable grounds to believe that the man had committed a felony, he had a right under the law to resist any attack made upon the jury in the Hastings Court yesterday afternoon acquitted James Wray, colored, charged with attempting to kill Patrolman R. B. Sowell, Jr., of the Second District.

Jury members reached their verdict without leaving their seats in the jury box. Several police officers were in the courtroom at the time, and Judge D. C. Richardson, after hearing the verdict, told them to go out and said he hoped that the case would serve as a warning to them and other officers of the department. In recent months several complaints have been filed against officers for assuming authority they did not possess when not fortified with proper warrants.

KICKED IN PANEL OF DOOR  
TO POLICE AN ENTRANCE

According to the testimony introduced, Patrolman Sowell, who was in citizen's clothes at the time of the trouble, broke open the door of Wray's home. He kicked in a panel of the door, and forced the catch with his shoulder. The officer said that he had an attachment for the negro, under another name from the "Police Court." The negro resides in what is commonly known as "Penitentiary Bottom," and has a police record. Some years ago he served time in the penitentiary. It was said that Sowell had been a member of a church, and leading an honorable life. He was suspected, it is understood, of selling liquor, and the officer was making an investigation. Sowell forced his way into the negro's home late one night several weeks ago, with drawn revolvers. Wray is said to have thrown a glass of beer at him, and then to have engaged the officer in a struggle. During this tussle one of the officer's revolvers was wrested from his grasp and fired, the bullet striking the negro and causing a slight injury. The officer has then been able to effect the man's arrest.

In search of the home, a small quantity of beer was found by the police officer, and Wray was also charged with violating a State prohibition law. Judge Richardson said that the case to the jury in the case were as follows:

HAD RIGHT TO USE FORCE  
IN RESISTING OFFICER'S ATTACK

The court instructed the jury that if they believed from the evidence that the witness, Sowell, broke into the residence of the accused in a felony, then the said Sowell was a trespasser upon the premises of the accused, or that he, the said Sowell, did not then have reasonable ground to believe that the accused had committed a felony, then the said Sowell was a trespasser upon the premises of the accused, and he, the accused, had a right under the law to resist any attack made upon him, or to use such force as may have been necessary to repel the attack. Sowell, although they (the jury) may further believe that the accused had committed a misdemeanor.

## TWELFTH ANNIVERSARY

Rev. William L. Ball Has Had Useful  
Pastorate at Tabernacle Baptist  
Church.

To-morrow will mark the twelfth anniversary of the work of Rev. William L. Ball, pastor of the Tabernacle Baptist Church. The pastor will especially commemorate this fact, and it is hoped that each resident member of the church will be in attendance at this service. Within the twelve years, about 1,000 persons have been received into the church, making the present membership 1,037. The membership has contributed to worthy causes more than \$150,000. The church is at present engaged in special evangelistic services, of which the anniversary service to-morrow will be a feature.

## HEARING IS POSTPONED

Charges of Interfering With Concrete  
Dam Set for Novem-  
ber 9.

The hearing of Ben Hackaday and Arthur Davis, both colored, charged with interfering with the construction of the Old Dominion Iron and Steel Works' dam across the James River, has been continued until November 9, at 8 o'clock in the afternoon. A. J. Hampton, also charged with being implicated in the affair, will be heard at the same time. Absence of counsel from the city is the reason assigned.

John Lewis, arraigned yesterday for the theft of a suit of clothes belonging to Ernest Winton, was sentenced to 30 days in jail. James Ford was given thirty days for stealing coal from the Chesapeake and Ohio Railway Company.

## BIDS FOR TURNPIKE

City to Repair That Part Within the  
Corporate Limits at  
Once.

Bids for the improvement of the Petersburg Turnpike, from Maury Street to the corporate limits of the city, were received and opened yesterday by the Administrative Board, and referred to City Engineer Bolling for tabulation and report. This work is to be done in connection with the general improvement of the thoroughfare between this city and Petersburg, and must not cost in excess of \$100,000. This sum was reserved from the \$10,000 appropriation by the city to help defray the cost of repairing the turnpike.

## HERMITAGE CLUB TO MEET

Members of the Hermitage Country Club will hold their annual meeting this afternoon at 5 o'clock at the clubhouse, on the Hilliard Road, at which time directors for the ensuing year will be elected. Annual reports of officers will also be made at the meeting, which will show that the past year has been unusually successful for the organization. It is expected that practically all directors will be re-elected.

Johns Marine Corps.  
The marine recruiting station reports the enlistment of Oscar Embler, of Winston-Salem, N. C.

Help Load Up Pipes  
of Boys in FranceTear out this coupon, fill it in  
and send as much money as you can  
spare to buy tobacco for the Ameri-  
can soldiers and sailors in France.  
Each dollar buys four packages of  
tobacco.

To The Times-Dispatch:  
Inclosed find \_\_\_\_\_ to buy \_\_\_\_\_  
packages of tobacco, through "Our  
Boys in France Tobacco Fund," for  
American fighting men in France.  
I understand that each dollar buys  
four packages, each with a retail  
value of 45 cents, and that in each  
of my packages will be placed a  
postcard, addressed to me, in which  
my unknown friend, the soldier, will  
send me a message of thanks.

Name \_\_\_\_\_  
Address \_\_\_\_\_  
City \_\_\_\_\_Y. W. C. A. BOOSTER CLUB  
OUTLINES ITS PLANSMust Raise \$12,000 to Supplement  
Membership Fees in Support of  
Institution.

The Boosters' Club of the Young Women's Christian Association held its regular meeting last night. The feature of the program was a talk by Miss Katherine H. Hawes, in which she briefly outlined the plans for the annual finance campaign of the association, which begins Monday. "This is the first time in the year when we go out for funds," said Miss Hawes, "and it is necessary for us to ask the partial support of the public, because we want to bring the association activities within the reach of every girl. We want it to be a democracy in the best sense of the word." She further stressed the fact that the Young Women's Christian Association is not a charity, and drew a parallel between the association and a progressive university, neither of which can support itself on the fees charged its members. Some departments in the association produce a revenue, some are self-supporting, while several of the most necessary are unable to produce a cent.

ever, and the needs are greater than the income. The association has \$12,000 is a conservative estimate which the public must contribute in order to bring the association within reach of every girl. The association is functioning at present on a new building at 5 West Clay Street, the lease for which an interested friend has given for five years. This will accommodate the girls in addition to the fifty at the old home. In addition to this, the great number of girls who are coming to the city in greater numbers, and before is a crying need, and the Young Women's Christian Association is doing everything in its power to meet it.

BUSINESS CONDITIONS  
ARE GENERALLY STEADYAmerican Bank Trade Letter Reviews  
Chief Elements of Nation's  
Commercial Activity.

Summarizing business conditions generally as steady and substantial, the general letter on trade conditions and business forecast of the American Bank Trade Letter, issued yesterday, says that with the exception of labor troubles, condition may be said to be most satisfactory when we consider that we are in the midst of a world war.

"The general slowing up and steady-ness of business transactions as evidenced during September in a smaller number of new corporations, a decrease in corporate financing, contracting building operations, a decline in pig-iron production, a decline in the unfiled tonnage of the steel corporation and increase in stocks of crude petroleum, and numerous other prime factors," the letter states.

"That these declines do not indicate unfavorable business conditions is proved by increased bank clearings, decreased business failures, heavier foreign trade, larger stocks and bond sales, increasing railroad equipment orders, larger railroad gross earnings, a more serious shortage of freight cars, heavier production of petroleum, and an increasing movement of grain." The letter furnishes statistics of practically every business and line of industry, the majority of which show heavy increases. In conclusion, it states that the total production of all crops will be above last year. Shortage of labor, shortage of cars and unfavorable weather are holding back the movement of grain to market to some extent, but shipments will increase as fast as more cars are available.

## WILL COST \$97,239.66

Estimates Submitted on Widening and  
Improvement of Rosemeath  
Road.

The opening, widening and general improvement of the Rosemeath Road will represent an expenditure of \$97,239.66, according to estimates furnished the Administrative Board yesterday by department heads. This improvement has been under consideration for some time, but has been held in abeyance because of the high cost of materials and labor and in view of the low state of the city's finances.

Several weeks ago, Edward L. Frost petitioned the Council to make the improvement of the Rosemeath Road a part of the city's program, and sent to the Finance Committee, which requested the Administrative Board to furnish an estimate of the cost of making the improvement. The board yesterday forwarded this information to the committee for consideration at its next meeting.

City Engineer Bolling reported to the board that the work to be done by his department would cost approximately \$78,245.66. The improvement will make necessary an expenditure of \$19,744 by the Gas Department, \$3,000 by the Electrical Department and \$1,920 by the Water Department. The committee will authorize the work for some months, probably not until next summer.

## BIDS EXCEED FUND

Lowest Offer on Chamberlayne Viaduct  
Is Nearly Double Available  
Appropriation.

Bids for the construction of a viaduct across the Bacon Quarter Branch, as a part of the proposed Chamberlayne Parkway, were received and opened yesterday by the Administrative Board, and referred to Carneal & Johnston, architects, for tabulation and report. The city has available only \$47,000 for this work, and it cannot undertake work for which there is no appropriation.

The lowest bidder was W. P. Funder & Co., whose proposal was \$74,000. The other bidders were Lewis J. Stearns, \$107,242; John T. Wilson Company, \$95,000; H. Hawkins, \$85,250; H. L. Mathews, \$88,772; and the Schaaf Company, \$92,283.

TOBACCO BOUGHT TO-DAY  
IN FRANCE BY CHRISTMASContributions Must Reach The Times-  
Dispatch at Once for Holi-  
day Cheer.FUND IS GROWING DAILY  
Donations of \$47.50 Yesterday Brings  
Total Received to Date Up to \$1-  
072.26—Cartersville Mother  
Writes Her Approval.

Contributions which do not reach The Times-Dispatch to-day for "Our Boys in France Tobacco Fund" will not be available to purchase packages for the American fighting men in time to reach them as part of their Christmas cheer. So, bring in your donations to-day. Remember, \$1 buys enough tobacco to last four soldiers or sailors for an entire week.

And think of the comfort in a week's supply of tobacco! It is immense. Imagine how the fighting men long for a cooling puff after hours of the hardest kind of work and duty, in which they freely offer their lives. Are you, Mr. Stay-at-Home, going to allow these soldiers and sailors boys to long in vain? Of course you are not. Send in what you can to-day.

Yesterday The Times-Dispatch received for the fund contributions aggregating \$47.50, bringing the grand total to \$1,072.26.

"I have cut down my list of Christmas presents, and will use this money for the tobacco fund, for I am sure the soldiers need it more," writes a Cartersville mother, who added \$10 to the fund. Continuing she said: "If tobacco will make our boys more comfortable and fight better, and I believe it will, let's give them all they want. No one, especially a mother, can see the many trains of soldiers passing by, and not long to do something for their comfort."

Contributions received by The Times-Dispatch yesterday were as follows:

## BAR HONORS ITS DEAD

Pays Tribute of Respect to Overton  
Howard, Thomas H. Carter and  
Emmett Seaton.

The Bar Association of Richmond, in meeting yesterday afternoon, with Judge B. T. Crump presiding and Heath J. Rawley acting as secretary, adopted memorial resolutions in respect for three members of the bar who have recently died—Thomas H. Carter, Overton Howard and Emmett Seaton. Resolutions which were previously prepared by three separate committees, who recommended the adoption of the resolutions by the association, and the recommendation was unanimously adopted.

Well-written, and presenting in an excellent manner a short history of the lives of the three men, the resolutions were a fitting memorial to those members of the bar now dead, but who while alive rendered well their fellow-men. They set forth in impressive language the accomplishments of the three lawyers and told how each one of them was guided by the ethical principles of the bar.

These resolutions were ordered sent to all the courts—city, State and Federal—and to the families.

## ESTIMATE EXCEEDED

Subscribers Total of \$2,532.00 to Sec-  
ond Liberty Loan  
Issue.

Announcement was made yesterday by George J. Seay, governor of the Federal Reserve Bank, of Richmond, that Charlotte subscribed a total of \$2,532.00 to the second Liberty Loan bond issue, surpassing its maximum allotment by \$134,400.

Charlotte is the last reserve district where the delay in mail service caused many subscriptions to arrive late. In the last reserve district, the subscriptions had been made by the reserve bank, and probably will not be for several days. Final announcement of the district's total subscription will be made by the Treasury Department, in Washington.

## EXPENSES PILE UP

Chesapeake and Ohio Hauls More  
Freight, but at Much  
Greater Cost.

Railway operating revenues of the Chesapeake and Ohio Railway Company for the month of September aggregated \$4,722,917, as compared with \$4,196,930 for the same month of last year, showing an increase of 13 per cent, according to figures announced yesterday by Controller L. F. Sullivan. Expenses for the month were \$3,267,662, increasing 22 per cent, net revenue from railway operations decreased 4 per cent, and net income decreased 24 per cent, as compared with the corresponding month of last year.

## IS FRIGHTENED AWAY

Unknown Man Attacks Miss Houchins  
on Jefferson Street as She Was  
on Way Home.

An unknown man attacked Miss Irene Houchins, of 306 Belvidere Street, Thursday night, as she was returning home. She was shortly after 10 o'clock when she was seized and dragged into an alley between Grace and Franklin on Jefferson Street. Two negroes at work in a garage nearby heard the young woman scream and frightened away the assailant.

This is the third attack recently made in the city on young women, all of a similar nature.

## Commission on Religious Forces.

Rev. G. W. Kemper, D. D., chairman, has called a meeting of the local division of the Virginia Commission of Religious Forces for noon to-day, in the Senate chamber. It is expected that this will be an unusually important meeting.

Address on War  
by British Officer

Captain David Fallon, of the British Army, will speak under the auspices of the State Y. M. C. A., at the Jefferson Auditorium to-night at 8:15 o'clock. The public is invited to attend.

Judgment Entered.  
Judgment for \$500 was entered in the Law and Equity Court late yesterday in favor of Eleanor P. Rowlett against L. W. Harris. The suit was the result of a real estate transaction, and for an alleged balance due the plaintiff.

Local Post-office  
Breaks All RecordsTotal of 332,000 Pieces of First-  
Class Mail Is Offered  
for Deliv-ry.

The largest amount of first-class mail matter that has ever been canceled in one day for dispatch by the Richmond post-office was handled during the twenty-four hours ending at 8 A. M., November 1, when 332,000 pieces of first-class mail, letters and postal cards were mailed at the local office.

This fact, the postmaster states, cannot be attributed to the new war tax that went into effect Thursday night at 12, because the mailing of the first-class matter took place twenty-four hours before the new law went into effect. The record has never been equaled, and the authorities hope that they will be able to witness many more such days, despite the fact that the rate on post-cards has increased 50 per cent and the rate on letters has increased 33.3 per cent.

One million 5-cent stamps will arrive this morning to supply the demands of the office, and many more have been ordered to take care of the large business done by the Richmond office. A large supply of 3-cent stamps on rolls is ready for sale.

DR. ANNA HOWARD SHAW  
SPEAKS HERE NOVEMBER 13Noted Leader of Women's Activities  
to Address Equal Suffrage  
Convention.

Richmond will have the privilege of hearing Dr. Anna Howard Shaw lecture in the auditorium of the Jefferson Hotel on the night of November 13. Dr. Shaw will be in the city for several days attending the annual convention of the Equal Suffrage League of Virginia, which will be held at the Jefferson this year.

Dr. Anna Howard Shaw is regarded as one of the most remarkable women of her generation. Public recognition of her intellectual attainments was at first grudgingly given, but in later years she has become a recognized authority on matters of national interest, and is one of the most noted woman orators of America.

## GAS WORKS NEEDS MONEY

Knowles Sends in Estimates for \$10,000.  
Cost of Coal and Oil

An additional \$10,000 will be needed for the operation of the Gas Works for the remainder of the present fiscal year, Superintendent W. P. Knowles reported to the Administrative Board yesterday. Several weeks ago the department requested an extra appropriation of \$25,132, but this was reduced to \$50,000 by the Council Committee on Finance. The Administrative Board forwarded the letter from Superintendent Knowles to the committee, with the request that the additional appropriation be made. The funds are needed for the department's coal and oil account, and are necessary because of the increased cost of these supplies, which was not anticipated last year.

## Contracts for School Approaches.

The Administrative Board contracted with E. H. Armentrout yesterday for the erection of two flights of stairs leading from the street to the new Fulton School, following the appearance of a delegation of citizens before the board Wednesday, seeking relief from existing conditions. Children are unable to reach the school building, it is said, in inclement weather because of the location of the structure and the condition of the neighboring streets.

## May Use Armory for Ball.

Permission to use the Richmond Light Infantry Blues' Armory for the purpose of holding a ball November 24, to raise funds for the purchase of Christmas boxes for the first Squadron, First Virginia Cavalry, now in training at Annapolis, Md., was granted the godmothers of the Blues organization yesterday by the Administrative Board.

## Baptists to Hold Street Services.

To-night will be given over to street services in the interests of the evangelistic campaign now in progress in the Baptist churches of the city. All Baptist churches report at the regular noon meeting each day at the Second Baptist Church a deepening of spiritual interest in their congregations and an increased interest in the services.

SPEAKS HERE TO-NIGHTCaptain David Fallon to Tell of His  
Experiences in British  
Army.CARRINGTON WILL PRESIDE  
Meeting Is Under Auspices of State  
Y. M. C. A., Which Will Soon  
Launch Campaign for War Work  
Funds in Training Camps.

T. M. Carrington, State chairman of the war work council of the Young Men's Christian Association, is expected to preside at the public meeting in the Jefferson Hotel auditorium at 8 o'clock to-night which will be addressed by Captain David Fallon, of the British forces, who is a survivor of the Gallipoli campaign.

Judging from the interest that has been displayed since announcement was made that Captain Fallon would speak in this city the auditorium will be taxed to its capacity. Captain Fallon was wounded fifteen times in the desperate engagements in which he participated. He was for three years in the trenches, and has an exceptionally clear insight into all of the interesting details of modern warfare.

Preceding the meeting, at which no admission fee will be charged, and which women as well as men have been invited to attend, Captain Fallon and Sidney J. Burgoyne, a prominent Philadelphia business man, who will accompany him to this city, will be entertained at a dinner at the Jefferson. Woodson Wadley, of the Everett Wadley Company, who was instrumental in bringing Captain Fallon to Richmond; State Chairman Carrington, City Chairman Reed and many other prominent men identified with the Y. M. C. A. war camp movement will be present.

ORGANIZATION IS BEING  
EFFECTED FOR CAMPAIGN

Organization of Virginia in anticipation of the campaign which opens November 11 and lasts until November 13 for the purpose of raising funds to this end is being effected by the Y. M. C. A. is rapidly being brought to a close. Throughout the country \$5,000,000 will be raised. Of this amount Virginia's quota is \$400,000 and the allotment for Richmond \$100,000.

Word was received yesterday at Chairman Carrington's headquarters that the counties around Fredericksburg had been organized with S. M. Janney as district chairman. The county chairmen of the various counties are as follows: Stafford County, R. C. L. Menore; King George County, J. T. Minor; and Spotsylvania County, F. E. Thomas. The chairman for the city of Fredericksburg is W. S. Chesley. J. M. Shepherd has been named as chairman of the campaign in Cumberland County. Dr. R. D. Tucker as chairman for Powhatan County, and P. G. Miller as the Goodland County chairman. From Petersburg word came that A. W. Walsh would serve as the secretary for that district and George W. Harrison as district chairman. The city chairman for Petersburg will be F. W. Mann, assisted by J. P. Anderson. The Lynchburg city chairman is J. T. Nowell, Jr., and the chairman for that district is T. Gibson Hobbs.

## Wash Dresses for School

\$2.98 to \$7.95

Frocks that give unequalled service, of which we have an excellent assortment. Washable frocks in colors of green, navy, Copenhagen, brown and assorted plaids and stripes; many with novelty trimmed collars and cuffs. Sizes range from 10 to 16 years.
